I can speak English () () (), but I wonder whether my English skill will () () ().

（５）腎臓に悪いから、そんなにコーヒーを飲まないほうがいいよ。

You () () () drink coffee so much because it's not good for your ().

大問3 次の文章を読んで、問題に答えなさい。

A few years ago, I decided to get serious about baking. I bought cookbooks and started baking cakes. It was shocking how often my attempts failed. My cakes were flat, dry, sunken, flavorless. You name it. After carefully making sure of my equipment and ingredients, I was forced to call myself into question. Was I reading the recipe carefully? Was I following directions?

Not exactly. I had done most of what was required, but never all of it. So, I baked a cake while paying full attention to nothing but the cake, and it came out perfectly. It looked like the cake in the book.

(1) Baking turned out to be a lesson in what we used to call reading comprehension. I hadn't been paying attention to the text of the recipe, (A) might have been because was talking on the phone while folding eggs into other ingredients, or I was folding the laundry while running the mixer, or making a note to myself in the margins of the cookbooks to write a piece about cakes.

(2) Imagine the confidence it takes to glance at a recipe from the corner of your eye and think it will all turn out fine. That's like the confidence it takes to send a text message while driving a car and believe that you'll be safe. Though if you're going to try and fail at multi-tasking, it's better to do it in the kitchen than on the highway.

Because I am a writer, people like to ask me the secret to writing novels. For me, it's the ability to stay focused. Admitting that I'm incapable of multi-tasking was the important first step. (3) In order to write a novel, I have to show up to work fully present and concentrate on the thing.

It turns out this is also the secret to baking a cake, and being in a successful relationship, and being a good parent and a good friend. If your attention span has shrunk like a sweater accidentally thrown in the dryer, and you want to stretch it out again, then reading a book can serve the same purpose as writing one.

Like baking, reading books can be a remedy for a lack of concentration. Chapter by chapter,

(1) 下線部1を和訳しなさい。

(2) (A) に当てはまる言葉を答えなさい。

(3) 下線部2を和訳しなさい。

(4) 下線部3を和訳しなさい。

大問4 次の英文を和訳しなさい。

(1) When making your guest list, think about the faces you want to see in your wedding album when you're celebrating your anniversary years from now.

(2) You're in the wonderful position in which your job enriches your life instead of just providing the financial resources that allow you to enjoy your life after the workday is over.

(3) Today, these huge mirrors permit us to peer back through time billions of years into the most distant regions of space.

(4) As used by many people, language is what we speak and dialect is linguistic variety spoken by them, usually someone thought of as inferior.
